

**Notification that your patient is in Midwifery Care/Records Request**

Date: .....

To: .....

Tel: .....

Fax: .....

Dear Dr. ....,

We would like to notify you that Born Midwives of Cambridge has begun providing prenatal care for .....  
Her estimated date of delivery is .....

For each of our clients we provide a complete course of prenatal and postpartum care. This includes all prenatal visits, labour and birth, following by six weeks of postpartum care for both mother and baby. Notification of the birth will be sent to you in addition to discharge letter at six weeks postpartum. Once mother and baby have been discharged from our care, we advise them to follow-up with you by planning a well-baby visit at two months.

If during the course of our care either mother or baby present with a clinical problem which is outside of our scope of practice, we will make the appropriate referral. We would refer the client to you for medical problems that do not require specialist care.

Should you have any questions or concerns, please feel free to contact me.

Sincerely,

....., R.M.
